Bruce Holstein gave a very informative program on the facts and fears about the Ebola virus. He explained that the virus was first contracted by consuming raw bush meat in Africa. Over 8,000 cases have been diagnosed with a mortality rate of more than 48%. Keys to containment include reducing contact with infected animals, minimizing contact with people who have symptoms and prompt burial of those who die from the disease.

## FUN FACTS

Kathryn Boucher

Even though I work for 2 arts organizations, I am not an artist or a musician. I have 4 children under the age of 10 - 2 girls and 2 boys. One of my daughters is a huge pop music fan and we have met many pop artists such as Justin Bieber, Taylor Swift, and Austin Mahone. My father was CFO of a bank in Greenville and I always believed I would become a banker, too. Then, I took an Art History course at Wofford and decided to double major in Finance and Art History. I have been to Alaska twice and would love to go back again soon! I'm an avid reader of any material and usually can't fall asleep at night without reading a few chapters first. Organizing desks, offices, rooms, etc. is very therapeutic for me!

Let us give thanks..

We gather together to ask the Lord's blessing;  
He chastens and hastens His will to make known;  
The wicked oppressing now cease from distressing;  
Sing praises to His Name; He forgets not His own.

Beside us to guide us, our God with us joining,  
Ordaining, maintaining His kingdom divine;  
So from the beginning the fight we were winning;  
Thou, Lord, were at our side, all glory be Thine!

We all do extol Thee, Thou Leader triumphant,  
And pray that Thou still our Defender will be;  
Let Thy congregation escape tribulation;  
Thy Name be ever praised! O Lord, make us free!
