Last Week's Program

Our program last week was presented by former Marine Infantry officer John Warren, who talked about the challenges that post 9/11 veterans face trying to find quality employment after they return from service. These veterans have strong character, work ethic and ability to get the job done, which far outweigh their lack of industry experience. He also outlined a 10-point plan for defeating ISIS.

FUN FACTS

Page McCraw

Go Tigers! Although my graduate work has been at the University of South Carolina, I still love the Clemson Tigers! I was a high school math teacher for 19 years. My favorite class to teach was geometry. My husband and I live in Gaffney. We have two children. Our son will graduate from Charlotte Law this May, and our daughter will graduate from Clemson in May with a business degree in marketing. I am the Director of Curriculum and Instruction at the South Carolina School for the Deaf and the Blind. I am currently serving as the Interim President. I love to read and spend time at Lake Greenwood. I am currently taking American Sign Language classes. This has been a great experience for me! I love music...most any kind. I am passionate about Career and Technology Education. My name "Page" is a family name...it was my grandmother's maiden name. Many years ago, I attended Nick Sparks' birthday party. At that time, he lived in Greenville and was a friend of a friend.

Great Kids Deserve Great Books

You can help by donating new or gently used children's books appropriate for ages 0-10 (board books, picture books, early reader books, and easy chapter books). Or you can make a small donation of \$10-\$50 to purchase books for this project. We are collecting books and donations at Rotary meetings through April 21st.
