FUN FACTS

Charles Refshauge

I spend most of my free time Mountain Biking - After work at Croft, weekends in Pisgah and Dupont, Each year I try to take a few bigger trips - I've been biking in Utah, British Columbia, Arizona, New Hampshire, Montana, Wyoming, Colorado, Washington (state), West Virginia, Tennessee. Attended district 7 schools growing up - I graduated Clemson University with a degree in Finance (emphasis in Real Estate). In 2011 I started working for Refshauge Web Solutions (my brother, Drew's company) as a salesman. It was pretty much just the two of us and a freelance graphic designer that we would use for web projects. At the end of 2011 we decided to form a new company - A-LINE Interactive. We started this business as partners. A-LINE has transformed into a full service marketing firm. We are located in The Iron Yard - which is a space underneath Hub-Bub. Currently there are 5 full time team members and we plan on continued growth. My father was Roger Refshauge as most members know. He was a real estate appraiser in town. Originally from Lincoln, Nebraska - he and my mother met at a wedding and were married soon thereafter. My mother's maiden name is Blackford. Blackfords have been around Spartanburg for a while - I believe my great grandfather's picture is on the wall at the Piedmont Club. Mom taught at the Spartanburg Day School for many years. I have two siblings. Drew was a member of our Rotary Club several years ago and encouraged me to join. He lives in Saluda, NC with his wife, Averee and two of her three children (the third is out in the "real world"). Averee has recently opened up a Hot Yoga studio in Hendersonville called YAM (Yoga and Massage). Alix married a man named Luke Perkins a few years ago. They live in San Diego with their new baby boy - Roger. I visit them once or twice a year. I'll be the Spartanburg Young Professional's Board Chair in 2015. I'm hoping to use this position to make a positive impact on the community.
