Melissa James and Charlotte Hope told us about Project Hub: Spartanburg's Maker Space last week. This group was formed to "Educate, Collaborate and Innovate" for individuals with projects, and are committed to encouraging makers and innovators in whatever form they take. On-site Experts ensure a positive and safe working environment. Experts are also available to be hired by both individuals and companies for projects. Specialty Materials for electronic, wood, metalworking and more, are available onsite.
