Last Week's Program

Dr. John Stockwell gave us an overview of The Spartanburg Academic Movement, which is a county-wide race to reach high levels of educational achievement by measuring learning that matters from kindergarten readiness through college completion. Their goal is to create a cultural shift in Spartanburg County to one that values educational achievement from cradle to career. They are an all-in partnership of education, business, government, foundation, community and faith leaders across Spartanburg County in pursuit of high levels of academic success for all children.

The
Rotary
Foundation

The mission of the Rotary Foundation is to enable Rotary members to advance world understanding, goodwill, and peace through the improvement of health, the support of education and the alleviation of poverty. The Foundation is a not-for-profit corporation supported solely by voluntary contributions from Rotary members and friends of the Foundation who share its vision of a better world. This support is essential to make possible projects, funded with Foundation grants, that bring sustainable improvement to communities in need.
